DEMAND No. 54.—ADVANCES AND LOANS.

Q. Loans and Advances by the State Governments.

"That a sum not exceeding Rs. 9,35,79,000 be granted to the Government to defray the charges which will come in course of payment during the financial year for the period ending 31st day of March 1963, in respect of 'Loans and Advances by the State Governments'."

Business of the House.

Mr. SPEAKER.—Before I adjourn the House I must advert to the point of order and the observation made on that. It was said that it was a point of suggestion and the suggestion made was criticised. Later when Sri B. L. Gowda said it was a point of order the Hon'ble member Sri Gopala Gowda said that it was a point of order.

Sri C. J. MUCKANNAPPA.—You have ruled it out.

Mr. SPEAKER.—I said that it was a point of procedure. I did not say so without considering the question. It is a question of discussion of Budget and the time factor is very important at the time when the Budget is under discussion. This is an extract from the proceedings of the Lok Sabha, page 3143.

"I suggest that Hon. Members may give a short statement of the particular views which they want the Government to take into consideration in respect of particular points in the report not exceeding say, about two printed pages. They might place them on the Table irrespective of the fact whether they get chances to speak or not and they might be taken as part of the proceedings. That will give every member an advantage of having his say to the Government but, the time limit for that will be definitely 6 P.M. on the 23rd evening and not beyond that. It is not as if members may go on sending their views later on. These are some of the things which I wanted to suggest. So far as the time-limit for speeches is concerned, I suggest a time-limit of fifteen minutes, which should in no case exceed twenty minutes..."

It goes on like that and that is so far as time limit is concerned. If I suggest that the Hon'ble Members will kindly take that I shall look into the matter and see whether I am wrong and also see that the House does not commit any wrong and I shall then suggest the procedure.

Now the House will adjourn and meet tomorrow at 8-30 A.M.

The House adjourned at Eight of the Clock to meet again at Thirty Minutes past Eight of the Clock on Saturday the 28th July 1962.
